TUCKWELL
SCHOLARSHIP

TUCKWELL SCHOLARSHIP

Australian National University (ANU) launched the **Tuckwell Scholarship Program** in 2013. Receiving a Tuckwell Scholarship – valued at over \$21,000 per year for the length of an undergraduate degree - is not just about a students' intellect. It is also about their desire and determination to use their natural abilities to realise their full potential so that they can make a difference in the world. All up, one could say, **this is no ordinary scholarship!**

Eligible students need to expect an ATAR of 95+ but students who have experienced disadvantage, or who have achieved significantly in other ways, may still be eligible. **Applications open on 6 March 2017 and close on 27 March 2017.**

Students and their parents are invited to attend the **2017 ANU Tuckwell Scholarship Roadshow in Victoria.**

Date: Tuesday 14 February, 2017 **Time:** 5.30pm – 8.00pm

Venue: State Library, 328 Swanston Street in Melbourne

Register at [Tuckwell Scholarship Roadshow in Melbourne](#)

OR

Date: Monday 13 February 2017 **Time:** 5.30pm – 7.30pm

Venue: National Wool Museum, 26 Moorabool Street in Geelong

Register at [Tuckwell Scholarship Roadshow in Geelong](#)

Representatives will be on hand to present on the possibilities open to students and attendees will hear from uniquely qualified individuals from ANU, and current Tuckwell Scholars.

For more information about the Tuckwell Scholarship Program, visit [Tuckwell Scholarship](#) and [Applying for the Tuckwell Scholarship](#)

DEAKIN STEP ON CAMPUS EVENT

Join us during Term 1 school holidays and experience Deakin University. You'll be taken on a 45-minute tour of your chosen campus, where you'll find out more about university life, study areas and be able to gain a feel for the campus from your tour guide, a current Deakin student! Students interested in studying at Deakin University might like to consider attending! Details for the [Melbourne campus](#) are:

Dates: Mon 3 April OR Thur 6 April OR Mon 10 April OR Thur 13 April

Times: 10.00am OR 12.00pm OR 3.00pm

Venue: Building HF, Level 2 221 Burwood Highway in Burwood

To register for the Melbourne campus event, or for Geelong Waurin Ponds, Geelong Waterfront, or Warrnambool, visit [Deakin Step on Campus](#)

Australian College of Nursing **CAREER IN NURSING**

The website www.NurseInfo.com.au defines a nurse as a “highly skilled health care professional who combines the art of caring with scientific knowledge and skills developed through their education and career. A nurse is involved in the education of patients around health and disease processes, health promotion activities, clinical procedures and management of nursing processes. Nursing enables one to work in a diverse range of settings including hospitals, community settings, general practices, prisons, homes and residential settings.”

There are two ‘divisions’ in nursing:

Registered Nurses (known as Division 1 nurses in Victoria)

Enrolled Nurses (known as Division 2 nurses in Victoria)

The two levels of nursing differ in relation to the responsibilities they hold.

1. **Registered Nurse**

To become a Registered (Division 1) Nurse you need to complete a **Bachelor of Nursing** and these degrees are available at most Australian universities.

2. **Enrolled Nurse**

To become an Enrolled (Division 2) Nurse you need to complete a **Diploma in Nursing** or a **Certificate IV in Nursing** at a TAFE institution. This may vary between Australian state/territories.

The **Australian College of Nursing (ACN)** is hosting a free **Nursing & Health Expo** and students considering a career in the nursing or health professions are encouraged to attend.

Date: Saturday 29 April 2017

Time: 8:30am - 1:30pm

Venue: Melbourne Convention & Exhibition Centre, 2 Clarendon Street, South Wharf

Find out more at [Australian College of Nursing \(ACN\) Nursing & Health Expo](#)

PRICEWATERHOUSECOOPERS (PwC) TRAINEE PROGRAM

What you are capable of doing, is extraordinary. At PwC, we make it possible for you to get the extraordinary done. Assisting you to develop the skills, knowledge and network with which to build an exciting and inspiring career.

The PwC Trainee program is a unique 3-year program that allows students to incorporate real paid work experience whilst completing their degree. It is a very valuable way to complete university studies to set a student up for a successful and fulfilling career.

Students start as a Trainee with PwC in either their second year of a single degree, or their third year of a double degree, and work full time and study part time for two years. Once the work experience period is over, students return to finish their degree on a full time study basis. Many Trainees will be offered full time graduate positions to return the following year.

During the program, Trainees are given real client work, and are critical roles to their respective business unit. Trainees experience the real working world, and get the invaluable opportunity to put what they are learning at University into practice. PwC currently hires Trainees in Assurance and Tax & Legal.

Find out more about a traineeship at PwC by browsing [PricewaterhouseCoopers \(PwC\) Trainee Program](#)

VICTORIA UNIVERSITY IPAB COMPETITION

Are you an aspiring young entrepreneur? VU's annual 'I Plan a Business' (iPAB) competition gives you the chance to apply your creativity and business skills to win amazing prizes. The competition is open now to Year 10 and 11 business students in secondary schools across Victoria.

For details on how to enter the competition, guidelines and online entry form visit vu.edu.au/ipab

<https://www.vu.edu.au/study-at-vu/information-for/secondary-school-students/i-plan-a-business-ipab-competition>

The Institute of
Chartered Accountants
in Australia

CAREERS IN CHARTERED ACCOUNTING

Why accounting? Accounting can be regarded as the language of business – the discipline of measuring, interpreting and communicating financial activity. Chartered Accountants hold the highest professional qualifications available to accountants in Australia, and are valued for their commercial know-how, analytical thinking and leadership abilities. A career as a **Chartered Accountant** is a fantastic choice for those who want to:

- ✓ Earn good money
- ✓ Have the opportunity to travel and work overseas
- ✓ Have job security
- ✓ Enjoy a challenging, interesting and diverse career

Some of the potential roles for a Chartered Accountant include –

- | | | |
|-------------------------|-----------------------|--------------------|
| ❖ Financial planner | ❖ Forensic accountant | ❖ Financial office |
| ❖ Management accountant | ❖ Tax specialist | ❖ Stockbroker |
| ❖ Business analyst | ❖ Risk analyst | ❖ Auditor |

So, how does one become a Chartered Accountant? [Becoming a Chartered Accountant](#)

Step 1: Choose an approved university *business* or *commerce* degree

Step 2: Complete the degree with an *accounting major*

Step 3: Begin the Chartered Accountants Program

Step 4: Complete the Chartered Accountants Program while accumulating three years of work experience with a Chartered Accountant mentor

Be inspired by the best. Introducing our talented and inspiring Chartered Accountants from around the world - [Chartered Accountants Stories](#)

HEALTH INFORMATION MANAGEMENT AT LA TROBE

Health Information Management is an exciting and dynamic career with excellent opportunities throughout the entire healthcare system.

Health Information Managers make a big, big difference doing essential work behind-the-scenes to enable:

- Hospitals and health services to function on a day-to-day basis
- Australia to have high quality information about peoples' health status
- Patients' information to be protected, and kept private and confidential
- Hospitals to receive appropriate funding in order to function and treat their patients, and
- The planning of future healthcare services for all

All hospitals require Health Information Managers in order to run. The work of Health Information Managers is specialised and essential:

- (i) for hospitals to receive their funding so they can operate on a day-to-day basis; and
- (ii) (ii) so their patients' medical records and health information are properly protected and managed.

Health Information Managers also work in many other areas throughout healthcare such as in health research and health screening centres, dealing with the information; in national and state public health surveillance; in a range of community-based services; in health ICT (health record-related) developments for private firms, hospitals and government bodies; in health insurance organisations, dealing with health information for private hospitals; in the pharmaceutical industry; and in other areas undertaking clinical trials.

The current shortage of qualified health information managers means that graduates are highly sought after. Health information managers work in all areas of healthcare, from hospitals and community health centres to specialist disease registries. There is currently a national shortage of these professionals. Salaries range from \$50,000 to \$180,000 per year.

La Trobe's double degree - **Bachelor of Health Sciences (Medical Classification)/Bachelor of Health Information Management** offers a career in the clinical and business sides of health care, with an emphasis on clinical coding, health data analysis, health informatics (including e-health) and management.

From the foundations of human bioscience to being specialised in health information systems, students learn everything from anatomy to medical terminology to coding and classification of diseases, and health data analysis. Professional placements are an integral part of this course and students often find employment with their host company after graduation. Graduates can work in a variety of settings including medical institutions and health agencies, and healthcare technology development companies.

The VCE requirements are VCE Units 3 and 4: a study score of at least 30 in English (EAL) or at least 25 in English other than EAL; and a study score of at least 20 in one of Biology, Chemistry, any Mathematics, Physical Education or Physics.

La Trobe also awards subject bonuses: a study score of 25 in Health and Human Development, any Mathematics, Physical Education or any Science equals 4 aggregate points per study. A study score of 20 in any LOTE equals 4 aggregate points per study. Overall maximum of 12 points.

Find out more at [Health Information Management](#)
