
VCE UNITS INFORMATION

VCE HEALTH AND HUMAN DEVELOPMENT UNITS 1 AND 2 CONTINUED

OUTCOMES

Unit 1

- Students should be able to explain multiple dimensions of health and wellbeing, explain indicators used to measure health status and analyse factors that contribute to variations in health status of youth
- Students should be able to apply nutrition knowledge and tools to the selection of food and the evaluation of nutrition information
- Students should be able to interpret data to identify key areas for improving youth health and wellbeing, and plan for action by analysing one particular area in detail

Unit 2

- Students should be able to explain developmental changes in the transition from youth to adulthood, analyse factors that contribute to healthy development during prenatal and early childhood stages of the lifespan and explain health and wellbeing as an intergenerational concept
- Students should be able to describe how to access Australia's health system, explain how it promotes health and wellbeing in their local community, and analyse a range of issues associated with the use of new and emerging health procedures and technologies

ASSESSMENT

Assessment tasks for this unit are selected from the following:

- A short written report, such as a media analysis, a research inquiry, a blog or a case study analysis
- An oral presentation, such as a debate or a podcast
- A visual presentation such as a graphic organiser, a concept/mind map, an annotated poster or a digital presentation
- Structured questions, including data analysis

"The best part of HHD was learning about the different determinants of health as well as risk and protective nutrients."

Madison Metaxas – 2016 Dux of HHD Units 1&2
