
VCE UNITS INFORMATION

VCE HEALTH AND HUMAN DEVELOPMENT UNITS 3 AND 4 CONTINUED

OUTCOMES

Unit 3

- Students should be able to compare the health status of Australia's population with that of other developed countries, compare and explain the variations in health status of population groups within Australia and discuss the role of the National Health Priority Areas in improving Australia's health status
- Students should be able to discuss and analyse approaches to health and health promotion, and describe Australia's health system and the different roles of government and non-government organisations in promoting health

Unit 4

- Student should be able to analyse factors contributing to variations in health status between Australia and developing countries, and evaluate progress towards the United Nations' Millennium Development Goals
- Students should be able to describe and evaluate programs implemented by international and Australian government and non-government organisations, and analyse the interrelationships between health, human development and sustainability

ASSESSMENT

School assessed coursework for each of Units 3 and 4 will contribute 25% to the study score. The level of achievement for Units 3 and 4 is also assessed by the end of year examination, which will contribute the remaining 50% of the study score.
