
VCE UNITS INFORMATION

VCE OUTDOOR AND ENVIRONMENTAL STUDIES UNITS 1 AND 2 CONTINUED

ASSESSMENT

Students are required to demonstrate two outcomes per unit. As a set, these outcomes encompass the areas of study in the unit. Students will be assessed on a variety of tasks which may include: journal entries, reports of outdoor experiences, practical reports, structured questions, written responses and semester examinations.

Please Note: Refer to the Subject Costs Schedule for details of costs relevant to this program.

“Year 11 Outdoor and Environmental Studies is a fantastic subject to get involved in if you’re particularly interested in the outdoor environment. While undertaking practical excursions and camps, students are encouraged to understand the range of personal responses to the outdoors and describe motivations for participation, with reference to their own specific outdoor experiences. Surfing at Torquay, skiing at Lake Mountain and bushwalking at Mt Cole are three of the trips offered in the subject which further develop students’ ideas on the content learnt, allowing them to extend their knowledge.”

Emily Kanzamar
