## VCE OUTDOOR AND ENVIRONMENTAL STUDIES UNITS 1 AND 2 CONTINUED

### ASSESSMENT

Students are required to demonstrate two outcomes per unit. As a set, these outcomes encompass the areas of study in the unit. Students will be assessed on a variety of tasks which may include: journal entries, reports of outdoor experiences, practical reports, structured questions, written responses and semester examinations.

**Please Note:** Refer to the Subject Costs Schedule for details of costs relevant to this program.

*"Year 11 Outdoor and Environmental Studies is a wonderful subject to study. We visited many places during our practical trips such as Torquay, Mount Cole, Brisbane Ranges, Lake Mountain and Queenscliff. I have learnt so much about the different types of environments within Victoria. The camps tested my complete physical, emotional and mental capability but they were worthwhile. I learnt to test myself to all extents and discovered that the mind can overcome the body. For me, Outdoor and Environmental Studies wasn't just a class that you treat as a muck around. I really wanted to engage in the topics that learnt. This subject also allowed me to socialise and connect with people that outside the classroom I would never have spoken to."*

*Faebian Pace*
