

VCE Results

(Last Updated May, 2019)

WE CONGRATULATE THE CLASS OF 2018.

We congratulate the Class of 2018 whose hard work and persistence have ensured that all students who completed the year have successfully attained their VCE.

Every student who attends OverneMon has the opportunity of completing their VCE regardless of their academic ability. We are proud of the achievements of each of our Year 12 students for 2018 and are delighted to know that the cohort has performed more strongly than expected based on previous years' data for the group. This is a great indication of the value add of an Overnewton education.

We are proud of the increase in the number of students who achieved an ATAR above 90. However, equally, we are proud of the students who worked hard over the year, who may not have achieved ATAR scores of 90 but who achieved outcomes that are better than they hoped, setting them onto pathways for a bright future. We celebrate their successes too.

Congratulations to Naoki Woolcock who is dux of the year with an ATAR of 98.55. In addition to his VCE subjects, Naoki achieved High Distinctions in both semesters for his study in first year mathematics through the University of Melbourne. Naoki was the recipient of the inaugural University of Melbourne Principal's Scholarships as well.

99 of the 2018 Year 12 students were at OverneMon for the whole 13 years of their education. Along the way, they welcomed another 60 students at various times. The connections that have been fostered and strengthened along the way have been profound. We look forward to hearing about the wonderful things that this group will achieve as they leave us to move on to the next stages of their lives and wish them well.

Additional information can be found on our website - www.overnewton.vic.edu.au

An inclusive education

As a school that does not select or exclude its students based on their academic ability and allows all of its students to complete their VCE with us, our results this year are particularly exciting.

Whilst we celebrate the successes of our 90+ achievers, equally we are delighted by the students who have received learning support in their time at the College, have worked incredibly hard and have attained an ATAR that we will see them getting into the tertiary courses of their choice.

It is a great joy to teachers at Overnewton that we can watch a child grow from Prep to Year 12, achieve their goals and graduate as exceptional young men and women.

The Overnewton College community congratulate the Class of 2018 upon their completion of a truly outstanding year.

***ATAR (Australian Tertiary Admissions Rank) scores are used for tertiary entrance and provide a percentile ranking for all students statewide.**
