FIRST AID TRAINING

Saturday 10th February 2018

9:00am - 4:30pm

Richardson Centre, Keilor Campus

Staff and parents from Overnewton are invited to attend a Level 2 First Aid session run by Premium Health. The Provide First Aid (HLTAID003) program offers the skills and knowledge required to provide a basic first aid response, emergency life support and management of casualty(s), the incident and other first aiders until the arrival of medical or other assistance. The competencies are recognised as a benchmark standard satisfying training requirements across many occupational qualifications and industries.

As the program will be completed in one day, participants are required to complete a pre-course question paper. Further details of this will be provided upon registration.

Participants will also need to apply for a Unique Student Identifier (USI) number in order to undertake the course. USI's can be accessed at <http://www.usi.gov.au/Pages/default.aspx>

Parents can either choose to pay for the course or have the course paid for by the College. In the latter instance, parents must commit 12 hours per term for three years in the First Aid room (excluding camps).

To register your interest in the course, please email Margaret Cummings at the following address: margaret.cummings@overnewton.vic.edu.au . Both the pre-course question paper and USI numbers must be submitted by **Tuesday 6 February** to secure your place in the course.

Please note, you will not be able to participate in the face to face workshop unless you have submitted the USI and pre-course questionnaire.

If you have any queries about the course, please contact Tim Jezard on 9334 0000 or tim.jezard@overnewton.vic.edu.au
